

**MS Industriegüter  
Handel und Vermittlung**

## **ABOUT US**

MS Industriegüter has been **operating since 1997**. We are located in the southern area of Leipzig, a former German hotspot zone on open pit mining.

We are mining experts with **more than 25 years of experience** in mining and heavy equipment industries. For the past 17 years we had been using our knowledge and our network to fulfill the requirements of our clients in planning and the supply of heavy equipment, especially conveyor belt systems, conveyor belts, ball mills, crusher systems and everything related to handling high capacity of material.

We are a privately owned company, therefore we are always available to deliver a **high value of quality and functionality of our products**.

**MS Industriegüter  
Handel und Vermittlung**

## **Conveyor Systems**

We are renewing and reselling second hand conveyor systems.

We specialized in the export of systems from Germany.

We delivered our products to clients in the UAE, Vietnam, Russia, Poland, Czech Republic and east Europe.

## **EQUIPMENT FOR CONVEYOR SYSTEMS**

Skimmers, drums or steel structures, whether you are looking for brand new or second hand spare parts for your conveyor system – We can provide you with all your needs, all in one roof!

**MS Industriegüter  
Handel und Vermittlung**

## **CONVEYOR BELTS**

Our huge DATABASE of suppliers and users of conveyor belts allows us to offer a high range of conveyor belt products.

Whatever your requirements are; specifications or quality wise, belt width or length, we can provide you the right product.

Brand new or refurbished, you name it, we deliver!

Handel und Vermittlung**

## **Mining Equipment**

Use our vast experience and connections with the mining industry in East Germany.

We can help you develop solutions on challenges related to high excavation capabilities on open pit or deep mining.

**MS Industriegüter  
Handel und Vermittlung**

## **Second Hand Industrial plants**

We always have huge inventory or range of industrial plants in our portfolio.

In the past, we delivered concrete plants to Oman, transformers to Vietnam and power plants to South East Asia.
